OBJECTIVES OF THE ACTION

(...)

The project has to focus on one of these objectives. It can also focus on the remaining objectives, but the main objective must be clearly identifiable and prevailing in the proposal.

It provides financial support for the organization of one European-wide sport event in one EU Member State or third country associated to the Programme or for the organisation of European local events in several EU Member States and third countries associated to the Programme.

This action also supports Large-scale European sport events that aim to reach a very high impact and implement follow up activities to ensure legacy in terms of societal benefits and promotion of inclusion through sport, in particular fostering the inclusion of people with disabilities.

WHAT ARE THE FUNDING RULES?

The contributions for Not-for-profit European Sport Events take the form of lump sums, with the exception of the Large-Scale European event category. The amount of the fixed lump sum depends on the number of events and number of organisations involved in the project.

(...)

d) For Large-Scale European events

The grant amount is expected to range between EUR 1,5 million and 2 million. The grant awarded may be lower than the amount requested.

The grant will be budget-based, with actual and unit costs as well as flat-rate elements. It will support certain types of eligible costs actually incurred for the projects.

The detailed grant parameters (maximum grant amount, funding rate, eligible costs, etc.) will be fixed in the Grant Agreement. The costs will be reimbursed at the funding rate fixed in the Grant Agreement (80%).

Financial support to third parties is not allowed. Volunteer and SME costs are allowed. Please refer to Part C of this Programme Guide, to the section on 'Eligible Direct Costs'.

Changes related to operational capacity

Page 415: Adjustment of mandatory supporting documentation.

If the grant exceeds 60 000 EUR, applicants must submit with the application:

- ~~CVs of the key persons involved in the project to demonstrate their relevant professional experience;~~
- a list of relevant publications of participating organisations;⁴⁶⁵
- an exhaustive list of previous and ongoing projects and activities performed and connected to the policy field or to the specific action.

In case of doubt,⁴⁶⁶ the National Agency may also use other sources of information, such as findings of previous audits, feedback (including from other National Agencies) from the management of previous or current projects, reports of monitoring visits or information from the organisation's website or social media profiles in order to assess the operational capacity and ability to obtain it. The National Agency may also ask for additional supporting documents and information to verify the information included in the application (such as CVs of the key persons involved in the project to demonstrate their relevant professional experience).
